More Studio Info

The studio is a clean, functional and fun space located in the CBD.

- High ceiling
- Good lighting
- Wash Basin in adjoining room
- Access to bathroom in building

There are two rooms with one access door. The room currently available for rent would be shared with me, Zhen: Artist/Blogger/Teacher/Animator.

The space is suitable for artists, designers or writers looking for a short term space.

The studio is on the third level and many talented artists and designers are on the same level including Miso, Ghostpatrol and Cat Rabbit.

I like the studio to have a positive atmosphere, so an easy-going friendly personality would definitely be a plus.
